

## **WebCT Users Group**

### **Minutes March 25, 2005**

Our March 25 WebCT Users Group meeting was an unusual one. It was conducted by Jeff Anderson, Donna Gaudet, Melanie Kroening, and Laura May. The meeting was held at both the Southern and Dobson campus and the Red Mountain campus using Breeze Live software. Laura May discussed the use of the discussion board with her online nutrition classes. The entire meeting was archived. You can hear and see it at this link:
