Workshop Overview

This hands-on session will introduce participants to the WebCT Assessments tool. Participants will learn to create quizzes, self-tests, and surveys within WebCT and will experience taking the assessments from a student perspective.

Outcomes

- Take one or more assessments within WebCT from a student perspective
- Create multiple question types within WebCT (multiple choice, fill in the blank, paragraph/essay, matching)
- Create an Assessment within WebCT that randomizes questions within a Question Set
- Modify and describe the Settings available for an Assessment
- View and interpret Assessment results in WebCT as an instructor.

Workshop Assessment and Evaluation

If you are taking this workshop for either FPG or Café Credits, you must take the course assessment and evaluation. It is located at: <http://tinyurl.com/5hylh9>

FPG Evaluation Form

Full Time faculty that have completed this workshop as part of the LMS Series for FPG credit must submit their FPG application form at the completion of the entire workshop series. To find out more about how to submit your FPG form go to: http://www.mcli.dist.maricopa.edu/fpg/internal_conf.html

Café Credit

Adjunct faculty that have completed this workshop and would like to receive Café credit for it should refer to the information at: http://ctl.mc.maricopa.edu/_programs/cafe/tracking_form/index.html
