## MCC CTL LMS Review-Student Survey

### 1. LMS Review

Mesa Community College is conducting a "Review of Learning Management Systems (LMS)," which is to say, we are evaluating software and other products like it that allow instructors to make documents, powerpoints, grades, and activities available online. So we are taking this opportunity to examine different solutions to help us determine what the best product is for your online learning experience. Thank you for taking a few minutes to give us feedback.

#### 1. Number of Credits enrolled in this semester

1-3

4-6

7-9

10-12

More than 12

#### 2. Please mark all that apply.

I have used WebCT/LMS in my on campus courses

I have used WebCT/LMS in a hybrid class

I have NEVER taken an online course

I have taken an online course here at Mesa Community College

I have taken an online course at another college within the Maricopa Community College District (Scottsdale CC, Gateway CC, RIO, etc.)

I have taken an online course before at another college

#### 3. How important is the use of an LMS (currently WebCT) for your learning?

Very Important

Somewhat Important

Not important

Not Applicable

#### 4. Please identify any LMSs you have used in the past. (check all that apply)

WebCT

Blackboard

Faculty Developed Website

RIO Learn

Moodle

Sakai

Desire2Learn

Other (please specify)

#### 5. If you have used other LMSs, which one did you prefer?

WebCT

Blackboard

Faculty Developed website

RIO Learn

Moodle

Sakai

Desire2Learn

Other (please specify)

#### 6. What features did you like about any of the LMS programs above?

Please rate how important you believe the following tools, features, and characteristics of an LMS (like WebCT) are by using the scale provided. Even if you currently do not use an LMS or one of the features, please rate for your learning now and/or for the future.

## 7. Communication Features

	This is a Must Have	This is Important	I could take it or leave it	I don't need this	I'm not familiar with this feature or idea; can't say either way
Discussion Board					
Who's Online/Instant Messaging					
Announcements					
Course Documents and content					
Course/WebCT e-mail					
Customized look and feel					
Send email from inside course to outside course					
Student homepage option					
Live Audio chat					
Live video chat					
Podcasting					
Simultaneous voice/video/file transfer					
Support for multimedia (video, audio, etc.)					
Search content of course					

## 8. Group and Collaborative Features

	This is a Must Have	This is Important	I could take it or leave it	I don't need this	I'm not familiar with this feature or idea; can't say either way
Ability to work in groups online					
Share calendar among group					
Share whiteboard					
Wiki					
Blog					
Share content with other students					
Collaborative group work areas					
Offer group feedback amongst peers					

## 9. Assessment and Assignment Features

	This is a must have	This is important	I could take it or leave it	I don't need this	I'm not familiar with this feature or idea; can't say either way
Online testing					
Online testing with automatic grading					
Assignments tool with secure online assignment drop boxes					
Surveys					
Gradebook					
Grading criteria					
Goal Setting					
Ability to check your Progress					
Self-Testing options					

## 10. Additional Tools

	This is a must have	This is important	I could take it or leave it	I don't need this	I'm not familiar with this feature or idea; can't say either way
Access the LMS from hand-held devices (such as: iPhone, Blackberry, smartphone, etc.)					
Calendar					
Roster
