

## **Web 2.0 Tools: Personal Portals**

### ***CTL Website for detailed workshop information and step-by-step guides***

<http://ctl.mc.maricopa.edu>, Click on the “All How To Document” link at the left under QuickLinks and then look for “Web 2.0: Personal Portals.”

### ***Workshop Overview***

This hands-on workshop will introduce participants to personal portals, a web 2.0 technology that allows users to construct webpages made up of various different widgets/gadgets/pods that pull information from different parts of the internet. Attend this workshop to gain an understanding of what wikis are, where you may obtain a free wiki accounts, and how you might use wikis to better facilitate teaching and learning.

### ***Outcomes***

After attending this workshop participants shall be able to:

- Describe the main elements of personal portal tools.
- Set-up a free, web-based personal portal accounts.
- Outline what a personal portal can do based on hands-on experience with the tool.
- Discuss reasons for using personal portals to better facilitate teaching and learning and/or other work processes.
- Identify particular challenges common to incorporating personal portals into courses

### ***Workshop Assessment and Evaluation***

If you are taking this workshop for either FPG or Café Credits, you must take the course assessment and evaluation. It is located at: <http://tinyurl.com/4fp5qe>

### ***FPG Evaluation Form***

Full Time faculty that have completed this workshop as part of the LMS Series for FPG credit must submit their FPG application form at the completion of the entire workshop series. To find out more about how to submit your FPG form go to: [http://www.mcli.dist.maricopa.edu/fpg/internal\\_conf.html](http://www.mcli.dist.maricopa.edu/fpg/internal_conf.html)

### ***Café Credit***
